### EDUCATION & PROFESSIONAL CERTIFICATIONS

---

**National University of Singapore** Apr 2025  
Professional Certificate in Clinical Practice and CBT Foundations for Adults [\[here\]](#)

**National University of Singapore** Aug 2019 – Jun 2023  
Bachelor of Arts with Honours (Psychology); Grade: Distinction (2:1)

### RELEVANT PROFESSIONAL DEVELOPMENT

---

**National University of Singapore** Jun 2025  
Professional Certificate in Basic Artificial Intelligence and Machine Learning [\[here\]](#)

**Samaritans of Singapore & CAMS-care** Aug 2024  
Collaborative Assessment and Management of Suicidality [\[here\]](#)

**National University of Singapore** Nov 2024  
Foundations of Cognitive Behavioural Therapy

**American Psychiatric Association** Jun 2024  
Motivational Interviewing for People with Serious Mental Illness [\[here\]](#)

**Stanford Medicine** Oct 2023  
Cognitive Behavioural Therapy for Psychosis [\[here\]](#)

### PROFESSIONAL EXPERIENCE

---

**NUS Office of the President (Health and Wellbeing)** Feb 2024 – Present  
*Associate Psychologist (with concurrent role as Data Analyst)*

- Built [Pathway](#), a full-stack web platform that automates mental health screening and case assignment at scale (48,000+ students, 17,000+ staff), leveraging XGBoost to model dropout risk and session demand with geospatial capabilities
- Streamlined screening, prediction, and case assignment into a single pipeline, cutting case processing time by ~90%, enabling rapid triage
- Led end-to-end data science, shipping reusable, plug-and-play modelling pipelines into production
- Built a React + TypeScript web app for [crisis rostering](#), reducing manual scheduling time and saving ~\$20,000 in operational costs
- Facilitated daily clinical intake assessments for individuals presenting with anxiety, mood, and workplace concerns
- Delivered on-site crisis interventions, using evidence-based techniques (CBT) to de-escalate and stabilise individuals in acute distress
- Completed 100+ supervised clinical hours involving risk assessment, case formulation, and therapeutic interventions

**Ministry of Social and Family Development (Child Protective Services)** Jul 2023 – Feb 2024  
*Operations Strategy Analyst (Assistant Manager)*

- Led triage processes for child protection cases, ensuring timely and accurate intake management of violence and abuse cases
- Screened inquiries and allocated cases to various agencies using standardized assessment tools to streamline workflows
- Conducted social investigations and case management involving alleged abuse or neglect by parents or caregivers of children
- Provided emotional support to children and families, demonstrating empathy in high-stress and sensitive situations
- Leveraged R, Python, and Power BI to optimize data extraction, predictive modeling, and risk assessment processes
- Developed a reverse-geocoding tool to map child protection case locations, enhancing geographic accuracy

## RELEVANT SKILLS

---

- Applied Data & Machine Learning: Predictive modeling with XGBoost, demand forecasting, data wrangling, and geospatial analysis
- Full-Stack Development: Python, JavaScript/TypeScript, React, HTML/CSS; building and deploying production web applications
- Analytics & Visualisation: SQL, Power BI, R for data analysis, web scraping, and spatial insights

## RELEVANT AWARDS

---

### NUS SPOT Award (2024)

Recognised for outstanding performance and contributions in mental health innovation at the National University of Singapore

### Home Team Achievement Award (2018)
